

Boostbar

**Coffee & Food
for everyone**

Boostbar

Boost your workplace

Innovative, sustainable and affordable

Mid-sized company, large corporation, or startup? Our modular solutions bring vibrancy to every meeting zone while catering to your specific requirements.

From the first cup of coffee in the morning to breakfast or lunch, and all the way to afternoon snacks or a little energy boost for the late shift — we've got it all covered in one place.

Let's work together to impress your team and guests with better, healthier, and more sustainable options that cater to all tastes and budgets.

Local, healthy and fresh: the Fridge

A healthy breakfast, creative snacks, and refreshing beverages, along with the flexibility to add fresh products from your local bakery at any time. This is the most versatile smart fridge available on the market.

It brings vibrancy to your break while also being mindful of both budget and the environment.

- **A small reward for everyone**

Biberli & Zweifel chips or organic lemonade & delicious chocolate peanuts? Our Fridge offers a specially broad selection, combining "Swiss Classics" and modern alternatives, all at fair prices for your guests. And under "Lara's Launchpad," we present 6 new products from innovative start-ups every quarter.

- **Healthy & sustainable**

Our scouts carefully curate the selection according to clear guidelines: The products are 100% free from hazardous additives and palm oil, and wherever possible, we prioritize Swiss and vegan alternatives (as of Q2 2023: >80% of the products).

- **Ultrafresh, ultralocal as an option**

You have the option to add fresh products at any time. Instead of relying on centralized supply chains, we partner with local businesses and bakeries in your region. This is a win-win for everyone involved: you support local businesses, reduce the length of supply chains, minimize food waste, and save up to 50% compared to other alternatives.

Delicious, sustainable and affordable: the Freezer

Our Freezer offers a diverse selection of handmade meals, making it a perfect fit even for the smallest office spaces. Experience the flavors of the world at an unbeatable price.

- **Ever-evolving menu**

Find a range of up to 15 different menus. We constantly rotate the offerings and adjust them according to the local preferences and seasonal specialties. Also included are ice cream and baked goods.

- **Good for you and the planet**

Our food is cooked by hand, packed in 100% compostable biopaper, and immediately shock-frozen after preparation. This concept allows us to preserve nutrients and flavor optimally while minimizing food waste (as of Q2 2023: <1%).

- **Accessible to all**

Our products are affordable and tailored to the diverse dietary preferences of our consumers. Whether you're looking for allergen-free, vegetarian, vegan, or gluten-free meals, we have something to offer for everyone.

The smallest canteen: the Bistro

The Bistro combines the advantages of both the Fridge and the Freezer, offering the complete range of products in the smallest possible space, all at an unbeatable price.

- **The largest offering**

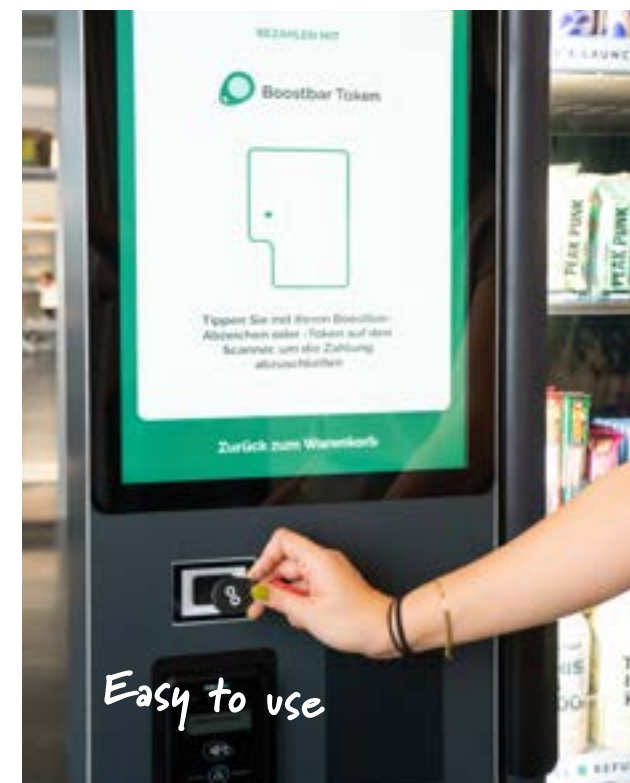

Breakfast, hearty meals, fresh local products, innovative snacks and beverages, and even ice cream – all available in less than 2 square meters.

- **Accessible to all**

Whether you prefer a fresh salad, nutritious pasta, or a protein bar for a quick snack, we always make sure that our menu caters to diverse preferences and dietary needs. This commitment to variety and inclusivity has made our Bistro a popular gathering spot for the entire team.

- **Zero waste by design**

Thanks to our innovative food concepts and the use of state-of-the-art technology, we prevent unnecessary deliveries and maintain less than 1% food waste, which is up to 90% lower than comparable concepts. This not only benefits the planet but also explains our unbeatable value for money.

Easy to use

From fresh to frozen

Everything at ones: the Market

Your entire Food & Beverage selection in an attractive and modular Micromarket set-up. Turning any break, from morning coffee to midnight snack, into an absolute pleasure.

Enjoy!

- **Completely customisable**

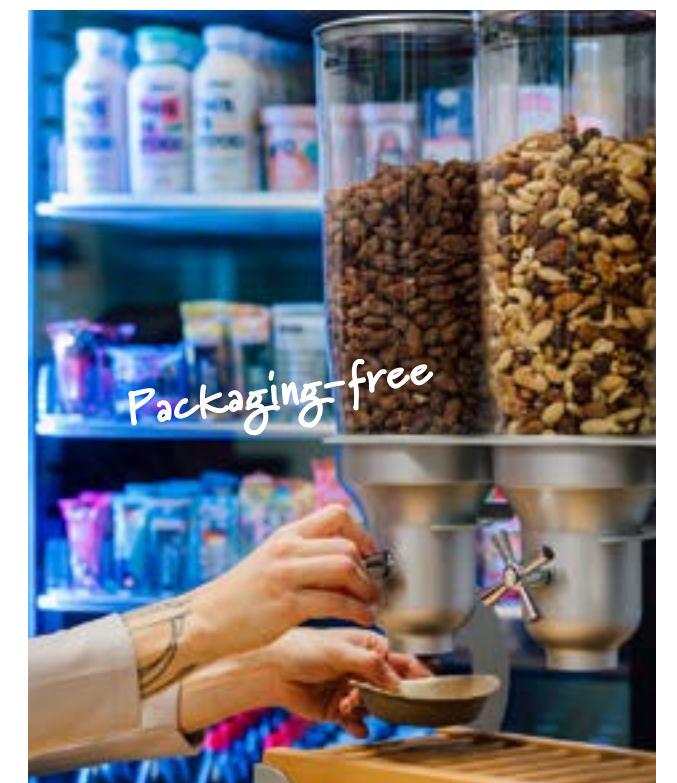

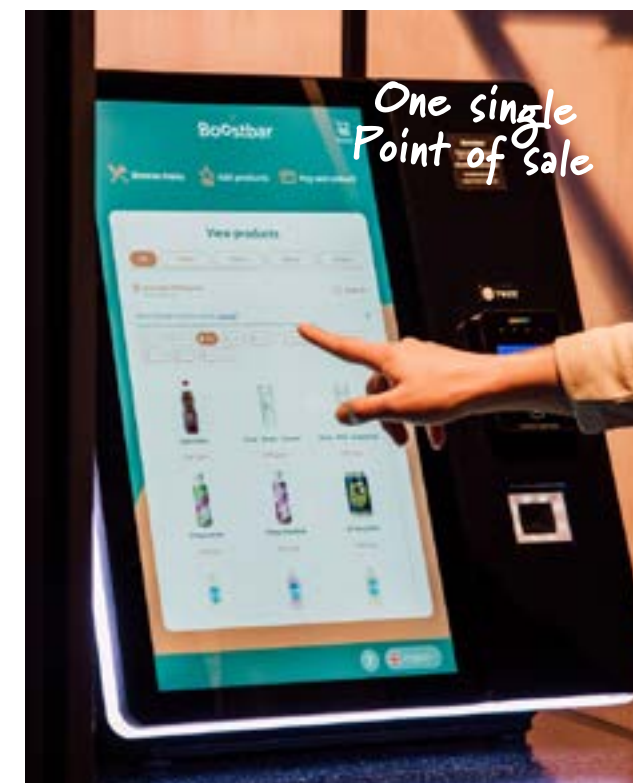

True to the motto "If you can dream it, we can build it," our market offers you the opportunity to completely customize your break room according to your preferences. You'll find a wide selection of food and beverages. We believe that presentation matters too: you have full control over the appearance of your market, you can even integrate it seamlessly into your existing setup.

- **Modular and expandable**

As your company evolves, the needs and preferences of your employees also change continuously. Therefore, you can not only personalize the market according to your preferences but also continuously expand it to meet your requirements.

- **Groundbreaking technology**

All of our Points of sale are connected through the same operating system, providing benefits for everyone: flexible payment solutions, detailed statistics, and streamlined operations.

Coffee from your local roaster: Roaster's Edition

It's more than just a cup of coffee — it's a statement. Designed for companies that prioritize the well-being of their employees and appreciate exclusive moments of enjoyment in life. With the Roaster's Edition, we make excellent coffee accessible to everyone.

- **Local roastery**

We take pride in offering you the freshest and most flavorful coffee sourced directly from the hands of local coffee artisans. Our partnership with these local roasteries is a testament to our commitment to quality and craftsmanship, representing the cutting-edge of the coffee world.

- **Coffee-shop atmosphere**

We strive to provide an exceptional environment where both your employees and guests can feel truly comfortable. As you savor a rich, flavorful coffee, you'll have the opportunity to explore the captivating story of your local coffee roaster on our seamlessly integrated screen.

- **Premium offering**

Treat yourself to a premium coffee machine from one of the oldest Swiss coffee machine manufacturers. Indulge in a selection of over 20 exquisite coffee beverages and choose your favorite, with the added convenience of two fresh milk options. To make the experience even more charming, each cup will be personalized with the logo of your local coffee roaster.

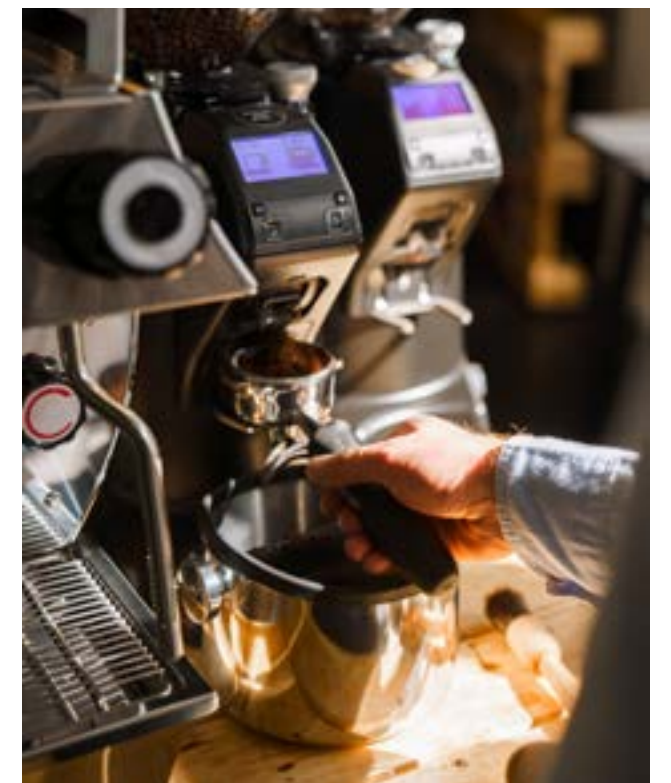

Coffe Services

Comfort Service

We ensure that there are always enough beans, milk, and other ingredients available at all times. Additionally, we take care of the installation and perform a Deep-Clean Service every two weeks, including the recalibration of the coffee machine, to guarantee the best possible coffee quality.

Full-Service

Boostbar takes care of the installation, filling, cleaning, calibration, and regular maintenance of the coffee machine.

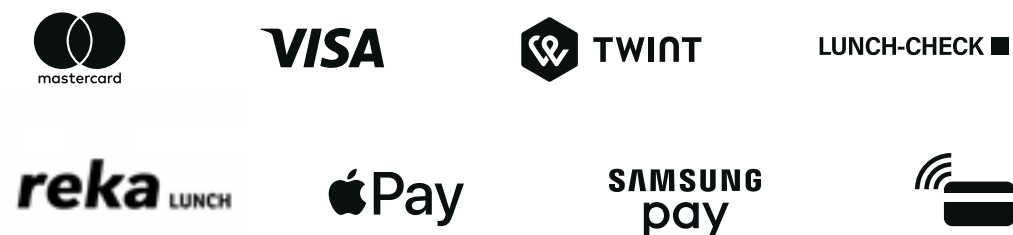

Payment Solutions

Effortless Convenience

Our payment solution offers a seamless and convenient experience. We support a wide range of conventional payment methods, including TWINT, credit cards, and e-wallets, eliminating the need for registration.

Additionally, we provide our own Boostbar App with tokens, allowing users to make payments using our dedicated platform. We also integrate employee badges and link them to our systems, ensuring a smooth transaction process.

Our payment solution integrates with various existing systems, such as canteen badges, room cards, and other guest management systems, upon request. This enables us to cater to specific requirements and preferences.
